SHORT TALKS BY L. T. COOPER.

She stated that I was a soundrel, a robber and various other pleasant things.

Now the only thing I claim for Gooper's New Discovery is that it will put the stomach in working order. I know that New Biscovery is stomach in working order. I know that if this is done, rhetumatism, constipation, kidney and liver troubles, nervousness, and the general tired out, despondent feeling will disappear in ninety-nine cases out of a hundred. I know this medicine to be a fine tonic which used twice a year will throw off impurities and add flesh, strength and tone to the entire system. But it will not do the impossible. No medicine on earth will do more than help nature. Certain diseases are beyond all medicine, although God in his wisdom may some day give us frail humans a knowledge of how to cure them. At present I know Cooper's New Discovery to be as thuroughly efficient a medicine as was ever on the market, and people who will take it for the common ills to which flesh is heir will be more than satisfied.

Here is a letter from one who has tried:
"For a long time I have suffered from and pagins in

severe headaches, weakness, and pains in my back and sides."
"Nothing I tried gave me relief, and a friend advised me to try your medicine. I improved from the first week. My beckenche and beadache left me and I left myself growing stronger. My appetite increased and I felt greatly improved in every way. I am indeed thankful for the benefit I have received." Miss Jennie Issaeson, No. 18 15th Avenue, West, Duluth, Minn.
